

CABSCon2

CABSCon2 is a one-day meeting aimed at creating a fairly informal atmosphere to explore and discuss the advances in different disciplines within the framework of Biotechnology. Going beyond the traditional boundaries of Biotech research, this meeting welcomes people interested in applied mathematics, engineering, physics, as well as chemistry/biochemistry/biology. Our objectives are to facilitate networking with invited speakers from successful Biotech companies, becoming familiar with students research projects, and encouraging dialogue between students and researchers from academia and industry.

CABS MISSION & GOALS

Mission

The mission of the Center for Applied Biotechnology Studies (CABS) is to provide research, educational and consulting opportunities and services to the local and state biotechnology/biomedical communities through its applied research programs and workforce-oriented curriculum.

Goals

1. To develop educational programs that will support workforce development in biocomputing, bioengineering and biopharmaceutics.
 2. To create an environment where applied research by faculty and students is a primary objective.
 3. To foster interactions with biotechnology/biomedical industry locally, regionally, and statewide.

CABSCon2 SCHEDULE OF EVENTS

DECEMBER 1 2017

08:00 - 09:45

REGISTRATION AND BREAKFAST

09:45 - 10:00

WELCOME REMARKS

10:00 - 11:00

DR. JAIR LAGE DE SIQUEIRA-NETO
University of California, San Diego

11:00 - Noon

DR. CLEMENCIA PINILLA
Torrey Pines Institute for Mol Studies

Noon - 02:00

POSTER VIEWING
Lunch and Networking

02:00 - 03:00

DR. TIM DOWNING
University of California, Irvine

03:00 - 04:00

DR. SONIA TRIGUEROS
University of Oxford

04:00 - 04:15

CLOSING REMARKS

04:15 - 06:00

WINE & CHEESE RECEPTION
Award Ceremony & Networking
